Relationship between Residential Policy, Family Policy and (un)employment

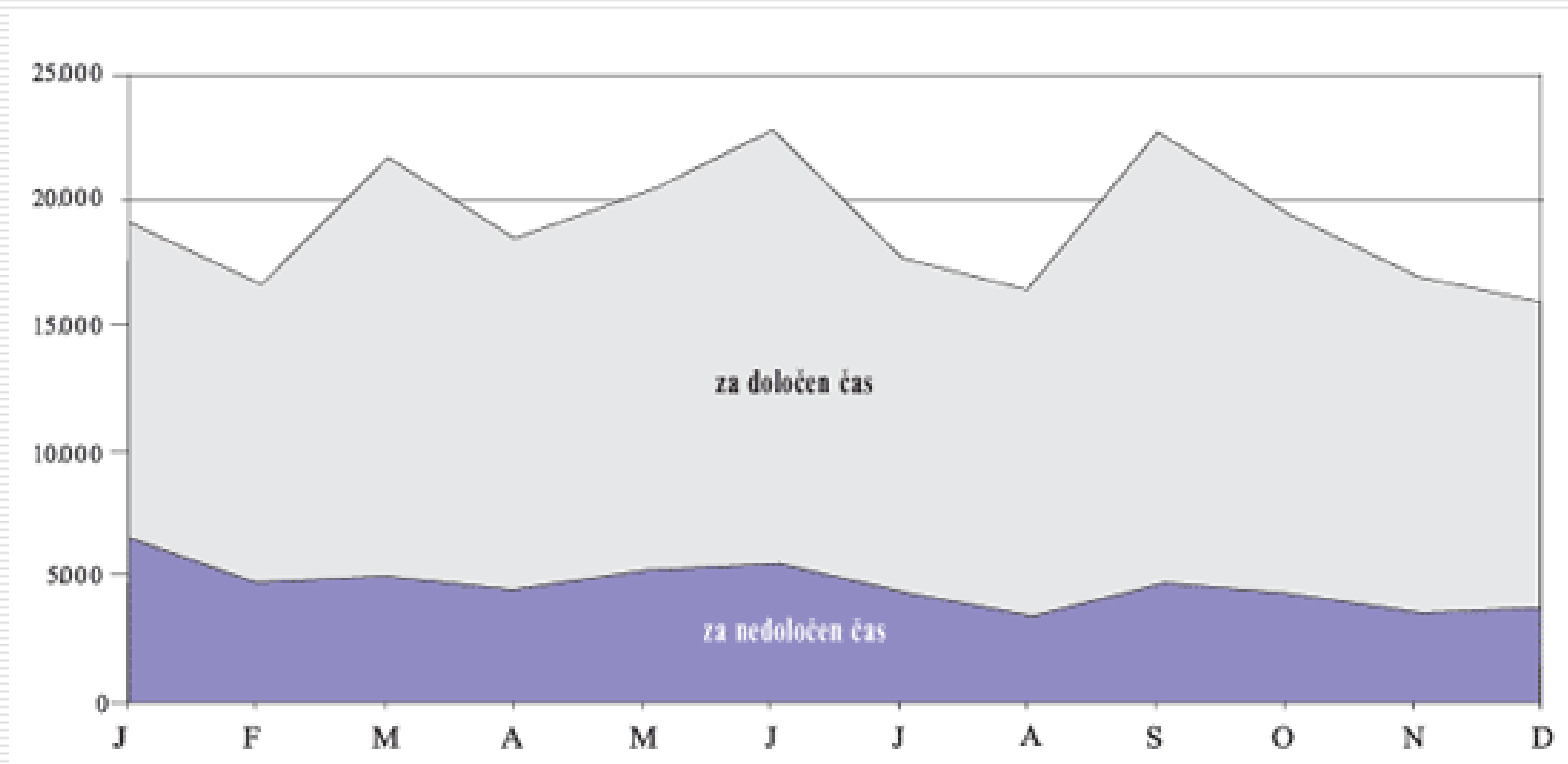

MANJ STANOVANJ + VEČ MLADIH BREZPOSELNIH = MANJ ROJSTEV

Večja ko je nedostopnost stanovanj in večja ko je brezposelnost med mladimi, manj ljudi se odloča za starševstvo.

Stigmatizing unemployment

Včeraj sem na Zavodu videl mojega bivšega sošolca iz srednje šole.

Potem ko sva se srečala s pogledi, sva oba uprla najine obraze proti tlo.

Brezposelnost je stigma.
Brezposelnost je sramota.
Brezposelnost je izguba dostojanstva.
